NHS West and North London

NHS Grenfell Health and Wellbeing Service

You're Invited: Grenfell Health Community Feedback Session

The NHS are inviting all of the Grenfell - Bereaved and Survivors and wider community, to take part in the upcoming Grenfell Health Community Feedback session

Over the past nine months, we've been listening to many members of the Grenfell community to understand your experiences and your views on what the service should look like over the next 1–3 years

Using your feedback, we've developed a proposed model for the future of the service. We'd now like to share these proposals with you, hear your thoughts, and continue working together to shape the service over the coming months

The emerging offer is currently being developed around potentially three connected components:

- Specialist Bereaved and Survivors Service;
- Warm Handover, Support and Bridging Pathway;
- Business-as-Usual and wider system support.

Please join us and help shape the future of the Grenfell Health and Wellbeing Service

This is an opportunity for all within the Grenfell impacted community to shape future NHS models

This will be the first of four sessions to take place over the coming months. We want to ensure that everyone who wants to have their say has the opportunity to be heard before anything is finalised

MEETING

Grenfell Health Community Feedback Session

DATE AND TIME:

Thursday 13 August 2026
5:30pm - 7:30pm

VENUE:

The Methodist Church, 240 Lancaster Rd, London W11 4AH

WHY ATTEND?

This will be your opportunity to feed into the proposed revised model for mental health provisions for the Grenfell impacted community

Please share this invitation with North Kensington residents and your resident networks

ALL NORTH KENSINGTON RESIDENTS ARE WELCOME TO ATTEND

There is no registration requirement.

If there are any questions, please email us at: nhsnwl.nkrt@nhs.net
